SRB Software User Group Meets to Learn and Share

November 20, 2009, Calgary, Alberta - 150 SRB customers from 36 school districts and colleges across Western Canada and Montana met this week in Calgary, Alberta. Supported by 20 staff from SRB's development and services teams, they shared ideas and best practices in workshops focused on functions and features in SRB's market leading Finance, Human Resources and Payroll solutions.

"We're delighted that our user community continues to come together in this way, and we're very pleased to be invited to support them through our presence", said Steve Thompson, President and CEO of SRB Education Solutions. "We really appreciate Rocky View and Christ the Redeemer Catholic School Districts organizing and hosting this event, and also Nanaimo School District for stepping forward and taking the leading role for next year".

SRB provides Finance, Human Resources and Payroll solutions to 59 school district and community college customers across Western Canada and Montana, including six new customers in the last 12 months from Alberta, British Columbia and Saskatchewan. The SRB User Group is a voluntary association of SRB customers that operates independently but in collaboration with SRB.
